

OKSIR is Hiring!

Facility Production Labourer
Osoyoos, BC

Status: Full-time/Seasonal

Day Shift: \$16.00/hr to start

Afternoon Shift: \$16.50/hr to start

Duration: February to End of August

About our Program

We are an environmentally- friendly sterile insect release program for one of the biggest pests of apple and pear trees-the codling moth. Our Program breeds and sterilizes codling moths at our state-of-the-art facility in Osoyoos, and we release them into orchards where they mate with wild moths to prevent the population from reproducing.

The Position

We are currently seeking hardworking, motivated individuals to join the team at our facility in Osoyoos BC. As a Facility Production Labourer you will play an important part in producing a few million high quality moths that will make a big difference this summer-for our farmers, our local apple crops and our environment. Our positions are full-time with a paid half an hour lunch break.

If you live in the Osoyoos area and are looking to work with a great team and make a positive difference in the environment this summer, then we want to hear from you!

To apply, please submit a resume along with two references to jobs@oksir.org. For more information on this position or our program, please check our website: www.oksir.org, or call 1-800-363-6684.
