Status: Fulltime

Salary: Based on experience

Duration: 1 year term, possible to extend

Location: Osoyoos, BC

OKSIR is looking for a Quality Control Lab Assistant. Working hours will be divided between time in the Quality Control Lab, as well as, assisting production staff in the facility for a total of 40 hours per week. OKSIR offers a great RRSP Matching program, excellent medical/dental coverage, and a welcoming, positive work environment.

Quality Control Assistant (25-30 hours per week):

Duties may include:

- pH testing
- Counting eggs and calculating % hatch
- Sexing, monitoring condition, and weighing pupae and adult moths
- Dissecting adult moths
- Conducting longevity tests
- Counting pupal casings and calculating larval mortality
- Performing air quality tests: making agar, monitoring and evaluating growth colonies

Production Assistance (10-15 hours per week):

Duties may include:

- Making cages
- Weighing moths
- Weighing ingredients
- Dispensing diet
- Processing egg sheets
- Facility cleaning
- Washing trays
- Washing carts

Preferred Skills:

- Science or laboratory background is required
- Experience with balances, dissecting microscopes, pH meters, Microsoft Word and Excel preferred but not required
- Able to work independently and as part of a team
- Adhere to policies and procedures
- Non-entomophobic (not afraid of moths)
- Must be able to stand for extended periods of time, complete repetitive tasks and duties that involve pulling, pushing, crouching, bending, lifting, and stacking.
- Must be legally entitled to work in Canada
