

# OKSIR is Hiring!

Facility Production Labourer  
Osoyoos, BC

**Status:** Full-time/Seasonal

**Day Shift:** \$16.00/hr to start

**Afternoon Shift:** \$16.50/hr to start

**Duration:** Early Spring to End of August

## About our Program

We are an environmentally- friendly sterile insect release program for one of the biggest pests of apple and pear trees-the codling moth. Our Program breeds and sterilizes codling moths at our state-of-the-art facility in Osoyoos, and we release them into orchards where they mate with wild moths to prevent the population from reproducing.

## The Position

We are currently seeking hardworking, motivated individuals to join the team at our facility in Osoyoos BC. As a Facility Production Labourer you will play an important part in producing a few million high quality moths that will make a big difference this summer for our farmers, our local apple crops, and our environment. Our positions are full-time with a paid half an hour lunch break.

If you live in the Osoyoos area and are looking to work with a great team and make a positive difference in the environment this summer, then we want to hear from you!

To apply, please submit a resume along with two references to [jobs@oksir.org](mailto:jobs@oksir.org). For more information on this position or our program, please check our website: [www.oksir.org](http://www.oksir.org), or call 1-800-363-6684.
